This information was prepared by personnel of Credit Suisse or its subsidiaries or affiliates (collectively "Credit Suisse") and not by Credit Suisse's research department. Credit Suisse has adopted policies and guidelines designed to preserve the independence of its research analysts. Credit Suisse's policies prohibit employees from directly or indirectly offering a favorable research rating or specific price target, or offering to change a research rating or price target, as consideration for or an inducement to obtain business or other compensation. Credit Suisse's policies prohibit research analysts from being compensated for their involvement in investment banking transactions. The information has been prepared solely for discussion and informational purposes and does not constitute an agreement, an offer to sell, a solicitation of an offer to purchase any securities or other financial instruments, the solicitation or offer of any investment, or any advice or recommendation to conclude any transaction (whether on the terms shown or otherwise). Nothing in this material constitutes investment, legal, accounting or tax advice, or a representation that any investment or strategy is suitable or appropriate to your individual circumstances, or otherwise constitutes a personal recommendation to you. Each person receiving these materials should make an independent assessment of the merits of pursuing a transaction described in these materials. The information provided is not intended to provide a sufficient basis on which to make an investment decision. Credit Suisse may trade as principal or have proprietary positions in loans, securities or investments similar to those mentioned in this material. Past performance or results should not be taken as an indication or guarantee of future performance or results, and no representation or warranty, express or implied is made regarding future performance or results. This information and/or analysis has been compiled or arrived at from sources believed to be reliable but Credit Suisse does not make any representation as to their accuracy or completeness and does not accept liability for any loss arising from the use hereof. Credit Suisse does not provide any tax advice. Any tax statement herein regarding any US federal tax is not intended or written to be used, and cannot be used, by any taxpayer for the purpose of avoiding any penalties. Any such statement herein was written to support the marketing or promotion of the transaction(s) or matter(s) to which the statement relates. Each taxpayer should seek advice based on the taxpayer's particular circumstances from an independent tax advisor. You (and each of your employees, representatives or other agents) may disclose to any and all persons, without limitation of any kind, the tax treatment and tax structure of the transactions contemplated by these materials and all materials of any kind (including opinions or other tax analyses) that are provided to you relating to such tax treatment and structure. For this purpose, the tax treatment of a transaction is the purported or claimed US federal income tax treatment of the transaction and the tax structure of a transaction is any fact that may be relevant to understanding the purported or claimed US federal income tax treatment of the transaction.
